100 % natural

Renewable resource and biodegradable

Comfortable

Breathable

Hypoallergenic

**Provenance:** This product is made in France using traditional looms supporting the French weaving know-how

All materials are sourced in Europe and dyed in France.

## Special instructions:

Our fabrics and woven leathers must be backed for upholstery, and special care taken for curtains and blinds, prior to cutting, please contact us for more details.

## Fabric Care:

Due to the variety of different types of yarns used in any one of our fabrics, we recommend contacting a professional cleaning service in case of stains. We can supply you with a fabric sample upon which to test commercially available cleaning products. Applying any product to the fabric prior to testing may damage the fabric. Fabrics should always be kept out of direct sunlight.
